Education

Shri Vishnu Engineering College for Women(SVECW),AndhraPradesh 2024-2028
B.Tech in Computer Science and Engineering (Honors) CGPA:- 9.24/10.0

Relevant Coursework: Data Structures and Algorithm Analsys, Object-Oriented Programming, Database Management Systems (DBMS), Operating System, Discrete Mathematics

Sasi Junior College, Andhra Pradesh 2022-2024
Central Board Of SecondaryEducation, MPC Percentage: 88.6

Skills

Programming Languages: C with Data Structures, Python, Java

Web Technologies: HTML, CSS, JavaScript

Tools: Google Colab, GitHub, Overleaf, VSCode, GDB

Soft Skills: Verbal Communication, Team Management, Time Management

Languages: English, Telugu, French (A1)

Projects

Credit Card Fraud Detection Using Machine Learning | *Python, Pandas, NumPy, Scikit-learn* 

- Developed a Credit Card Fraud Detection model using Support Vector Machine (SVM).
- Performed preprocessing and evaluated fraud classification performance using transaction data.

Fake News Detection | *Python, Pandas, Scikit-learn, NLP* 

- Built an NLP-based model to classify news articles as fake or real.
- Applied text vectorization and classification algorithms to detect misinformation from news content.

House Price Prediction | *Python, Pandas, Scikit-learn* 

- Developed a machine learning model to predict house prices using property and housing features.
- Applied data preprocessing, feature engineering, and regression techniques to improve prediction accuracy.

MaidConnect | *HTML, CSS, JavaScript* 

- Developed a web-based maid service platform using Firebase backend and Firestore for real-time data management.
- Designed Firestore collections and implemented CRUD operations for maid profiles and availability using JavaScript.
- Built a responsive frontend with HTML and CSS, dynamically rendering data from Firestore.

Certifications

NPTEL: Programming in Java

I completed the NPTEL course *Programming in Java* with a **95% score**, ranking in the **Top 5% nationwide**

Infosys Springboard: Java OOP – Role of Constructors in Inheritance

Gained strong understanding of constructor chaining, `super()`, and inheritance.

Great Learning: C for Beginners

Completed Great Learning course *C for Beginners*, Strengthened core C concepts supporting data structures.

Smart Interviews – Smart Coder Certification (2025)

Demonstrated problem-solving and data structures skills; achieved Global Rank 18492.

Activities & Achievements

-
- Selected for **AICTE Idea Lab (Top 29 out of 2000 participants)** for innovative project development and strong problem-solving skills.
 - Selected at the **college level of Smart India Hackathon (SIH)** for proposing a **Smart Agriculture System** to improve farming efficiency using technology.
 - Participated in **Ideathon** and **Technical Paper Presentation** organized by the department, focusing on innovative solutions to real-world challenges.
 - Participated in **Quantum Valley Internal Hackathon**, organized by the **Government of Andhra Pradesh**, and **Pivot Hackathon** contributing to technology-driven solutions for real-world problems.
